

<p>Farm Tour Details</p>	<p>The workshop comprises two parts - content sharing at a location of your choice, and the farm tour.</p> <p>The content sharing is aimed at raising awareness about urban farming as well as the factors influencing environmental sustainability in food production. It also helps participants to understand the urban landscape of Singapore and our limitations relating to food security. This typically lasts about 1 to 1.5 hours, depending on your schedule, and can be held at a location of your choice.</p> <p>The farm tour component is where participants get to learn about the work related to our farm production such as germination, transplanting and harvesting. This helps participants to better understand the workings and operations of a high-tech rooftop farm. This takes place at our farm on the rooftop of 15 Woodlands Loop and typically takes about 30 to 45 mins.</p>
<p>Days & Times Available</p>	<p>August 2022 onwards, most weekday afternoons 2pm – 5pm. Prior booking is required.</p>
<p>Farm Address</p>	<p>15 Woodlands Loop Rooftop Singapore 738322</p>
